| | | | | |
|---|--------|---|---|---|
| c. The content was organized and easy to follow | 100.00 | - | - | - |
|---|--------|---|---|---|

| VIII. GENERAL SUGGESTIONS | |
|--|--|
| 1. Three most important learning achievements of this Programme | <p>1. 1. Alarming situation in a present scenario for causing delay in disposal of civil cases as well as criminal cases in Courts, specially Civil Court; 2. By using the effective Court Management Techniques, the efficiency of subordinate Courts may be improved; 3. By using modern technology in an effective way, the pendency of the cases may be reduced. Further, paperless working by use of virtual hearing can also help in mitigating the environmental damage up to a great extent.</p> <p>2. E-filing, videoconferencing and artificial intelligence in judicial set-up are the three most important learning achievements of this programme.</p> <p>3. None.</p> <p>4. 1. Just writing orders and judgements is not enough and lot more has to be done and 2. We should be seen to be doing; 3. We must keep our laws to the ground.</p> |
| 2. Which part of the Programme did you find most useful and why | <p>1. Session 3: Integration of Technology in Court Process & Procedures-are necessary in furtherance of commitment to the delivery of justice; In the field of law, new times demand new measures and new men. We witnessed the period of COVID-19 pandemic followed by unprecedented lockdown, wherein physical/normal functioning of the Courts was impossible. In these peculiar circumstances, Hon'ble Supreme Court of India, while invoking Article 142 of the Constitution of India, passed an order dated 6.04.2020, by which legal sanctity was given to video Conferencing; By adopting the Virtual hearing, the Supreme Court of India, High Courts and District Courts have taken effective measures to reduce the physical presence of lawyers, litigants, court staff, para legal personnel and representatives of the electronic and print media in courts across the country and to ensure the continued dispensation of justice; The use of modern technology enables Courts to enhance the quality and effectiveness of the administration of justice. Technology facilitates advances in speed, accessibility and connectivity which enable the dispensation of justice to take place in diverse settings and situations without compromising the core legal principles of adjudication.</p> <p>2. The topic of 'Integration of Technology in Court Process & Procedures' is very much useful because in COVID – 19 Pandemic, a great transformation has happened in taking up the cases in Indian judiciary.</p> <p>3. Session 3: Integration of Technology in Court Process & Procedures.</p> <p>4. Session 3: Integration of Technology in Court Process & Procedures.</p> |
| 3. Which part of the Programme did you find least useful and why | <p>1. Every sessions are useful for dispensation of justice.</p> <p>2. Appellate Jurisdiction of High Courts is found to be least useful as it has not been addressed by the Speakers thoroughly.</p> <p>3. None.</p> <p>4. None.</p> |

| | |
|---|--|
| <p>4. Kindly make any suggestions you may have on how NJA may serve you better and make its programmes more effective</p> | <ol style="list-style-type: none">1. None.2. A mobile App be created for the participants with 'LOGIN' facility; Lectures delivered by the Speakers be recorded and be available to the participants, as and when it is required, with rider(s).3. None.4. Maintaining the standard of this programme itself would be enough. |
